

# Fill the Pinata!

**Our pinata can hold 5 lbs of candy. Our candy is weighed in ounces. There are 16 oz in 1 lb. Using this information answer the questions below to fill the pinata!**

1. One lollipop weighs 2 ounces. How many lollipops do we need to make 1 pound?
2. A bag of M&Ms weighs 4 oz. How many bags do you need to have 2 pounds of M&Ms in the pinata?
3. A bag of skittles weighs 8 ounces. We want all 5 lbs of candy to be skittles. How many bags do we need?
4. Billy hit the pinata with a bat and 48 oz of candy fell out. How many pounds of candy are left in the pinata?
