

Herb & Spice Ornament

Herbs - are the fragrant leaves of plants that do not have woody stems. They can be used fresh or dried.

Spices - are the barks, buds, seeds, berries, fruits, roots and stems of all kinds of aromatic plants and trees.

- Using a piece of construction paper cut out a small circle the size of a small food can.
- Punch a hole in the top of the circle and thread a string or ribbon through it, knotting it at the ends.
- Choose an herb or a spice (or multiple if you want to make more than one)
- On the back of the circle, write the name of one of the herbs or spices you chose.
- Spread a thin layer of glue on the front surface of the circle using a popsicle stick.
- Lightly sprinkle your spice onto the glue or place a few herb leaves onto the glue.
 - Hang the ornaments to allow the glue to dry.
- Hang them in your kitchen as a reminder of what herbs and spices smell, taste, and look like.
