

## Shark Attack Cupcakes

### Answer Key

1. What flavor cupcakes did we make?

#### **D – Coconut Cupcakes**

Coconut reminds us of the beach! Who doesn't love seeing a palm tree by the water! What a great cupcake to make when making shark attack cupcakes!

2. We add ground coconut flakes to our dry ingredients.

#### **A - True**

The coconut flakes gives our cupcakes the delicious coconut taste, but we want to ground the flakes so there are not big pieces of coconut in one bite.

3. You spoon your dyed melted chocolate into a...

#### **B – Piping Bag**

We are using a piping bag to carefully hand craft our shark fins! A piping bag is the easiest way to do this, and who does not like to practice piping?

4. You use your piping bag to “draw” shark fins onto a piece of parchment paper.

#### **A - True**

How cool is that? You melt chocolate, you put it in a piping bag, then you draw your shark fins, put them in the freezer and bam...you made your own shark fin out of chocolate!

5. You cut the cupcake in half and put a spoonful of strawberries on the cupcake.

**B - False**

You want to cut a 1 inch in diameter and 1 inch deep hole in your cupcake. Fill that hole with your strawberries so that when you bite into it you have a "Shark Attack" mess!

6. You can be creative with your decorations and create a beach scene out of all 12 cupcakes!

**A - True**

YES! Be super creative and use fun food items to decorate your beach scene! (if you want, or just decorate one cupcake!)
